CHILDREN YOUNG PEOPLE & FAMILIES  
YOUTH & COMMUNITY SERVICE  
NUNEATON & BEDWORTH**

# Youth Service Provision

Youth work supports young people in their transition from childhood to responsible adulthood, encourages their social development and individual fulfilment and helps them engage fully in society.

Youth work is concerned primarily with young people's personal and social development. It is critically informed by a set of beliefs which include a commitment to Equal Opportunity and to young people as partners in learning and in decision making
